TIME to WIN BIG AGAIN with BONDII!

FOOTBALL IS BACK and it's going to be another great season for all members of **Harry Bondi's** award-winning "**Steam Team!**"

This will be the ninth season of **Harry Bondi Sports** and my **32nd year in the sports handicapping business**. When I tell you that my staff and I have done **more prep work than ever** to get ready for this football season and will have our **best year ever** you can not only believe it, but you can **take it to the bank!**

Most of you have known me for a long time, know my track record and know that I am a man of my word. I was the only handicapper in the country to have **winning seasons in both college football and the NFL last year**. And not only did we win most of our **BIG GAMES**, but we **annihilated them** (see box back page).

We are going to do it again in 2017, so call me right now at **1-877-332-0077** and if you **call before September 1** I'll save you **\$500** off our low seasonal rates. Call now.

Harry has picked **five of the last eight National Champions**, and was three seconds away last January

Harry Bondi is predicting big things for QB Jake Browning and the Washington Huskies.

from making it six of eight, but his pick for 2017 National Champion has shocked Vegas to its core. Washington had its best season since 2000 last year and **Chris Petersen**, the nation's fifth-winningest coach with an 83% winning percentage, will lead the Huskies to the National Championship in 2017 (see Page 2 for Harry's com-

plete Top 10). The Huskies have Heisman candidate QB **Jake Browning** back as well as plenty of skill position stars and one of college football's most menacing defenses. Combine that with a weak schedule in which the Huskies will be favored by at least a touchdown in 11 of their 12 games and you can see why Washington is our choice to win it all in 2017.

We detailed how good **Jarrett Stidham** has looked at Auburn in our Spring Football newsletter, but other QBs in new places that will impact their teams include former Texas A&M QB **Kyle Allen**, who is now at Houston. Allen trashed Aggies Head Coach **Kevin Summerlin** on his way out the door saying he has allowed a culture of partying and no accountability in College Station. Ouch!

Former Notre Dame QB **Malik Zaire** has transferred to Florida and, as a graduate transfer, will be immediately eligible. He is the frontrunner to earn the starting gig over redshirt freshman **Feleipe Franks**, who will be the starter by October and veteran **Luke Del Rio** who will see little time this season.

HARRY BONDI'S COLLEGE FOOTBALL PRESEASON TOP 10

See Harry's complete preseason Top 20 at www.HarryBondi.com

- 1**  **WASHINGTON:** No other pre-season publication will have the Huskies winning the National Championship. But Harry Bondi has not won more money for his clients than any other sports service over the last 8 years by following the herd. We detail why the Huskies will win it all on Page 1.
- 2**  **ALABAMA:** 'Bama has the most talented and deepest roster as well as the best defense and best coach in college football. QB Jalen Hurts will be better in 2017 and schedule is not only manageable, but we have The Tide favored by double digits in all but two games (Florida State and Auburn).
- 3**  **FLORIDA STATE:** Noles return 16 starters, led by QB Deondre Francois and have our No. 2 ranked defense and No. 5 ranked offense. In fact, they are the only team in the nation we have ranked in the Top 5 in both offense and defense. After an opening game loss to Bama, FSU runs the table.
- 4**  **OKLAHOMA STATE:** No other publication in the country will have the Cowboys in the Top 10, let alone the Final Four, but this is the best offense in the nation. The Cowboys have an improved "D" and a schedule in which they face their toughest opponents at home. OSU will be worth backing in 2017.
- 5**  **PENN STATE:** As we outlined in our July issue, PSU is loaded! Trace McSorley and Saquon Barkley are the best QB & RB combo in the nation and lead 16 returning starters. Defense is solid and they will be favored in every game except at Ohio State, when they will shock the Buckeyes again!
- 6**  **OKLAHOMA:** Sooners return 16 starters and have one of the 5 best offenses in America led by QB Baker Mayfield. Defense is outstanding, but the schedule is tough, including an early showdown with Ohio State, the Red River Rivalry and Bedlam at Oklahoma State. Two of those three will be losses.
- 7**  **SOUTHERN CAL:** After opening 1-3 last season, the Trojans won 9 straight. They are loaded on both sides of the ball, including the nation's top QB, Sam Darnold. They will be favored in all 12 regular season games, but a loss to Washington in the Pac-12 Championship will cost USC a playoff bid.
- 8**  **GEORGIA:** Bulldogs are another team we have higher than any other publication. They return 8 starters on offense, led by QB Jacob Eason, who will be much improved in his sophomore season. RBs Nick Chubb & Sony Michel are the best 1-2 backfield punch in the country and "D" returns 9 starters.
- 9**  **OHIO STATE:** Another surprise as we are the only preseason publication that does not have the Buckeyes winning the Big 10 & going to the Final 4. OSU has one of the nation's best defenses and offensive lines, but QB JT Barrett really struggled last year and loses his Top 3 receivers from last year.
- 10**  **AUBURN:** The Tigers return 15 starters, and that doesn't even count the addition of former Baylor QB Jarrett Stidham, who will thrive in this offensive system. With Head coach Gus Malzahn on the hot seat, the Auburn faithful will be rewarded with outstanding season and a Top 10 finish.

Pretty boy **Blake Barnett**, a former QB at Alabama, was granted immediate eligibility and is in a fierce battle with **Manny Wilkins** for the starting job at Arizona State. After being suspended for taking piles of performance enhancing drugs, former Florida QB **Will Grier** will be the starter this year at West Virginia. Grier led the Gators to a 6-0 record last year before being suspended.

Clemson is searching for **Deshaun Watson's** successor, and the competition may linger into the regular season. Junior **Kelly Bryant** has a huge experience advantage but the QB should be true freshman **Hunter Johnson**. Johnson was one of the top high school QBs in the nation last fall, enrolled at Clemson in January and participated in spring practice.

Speaking of Watson, from what we have seen on our preseason game films and heard from our reliable bird-dogs in the Houston area, he should be the Houston Texans' starter for Week 1 of the regular season. **Tom Savage** is the main competition, but if the Texans want to finally make some post-season noise, Watson is the way to go over the Savage, a journeyman who doesn't have near the ceiling of Watson. Houston has the best defense in their division, but if they don't get improved play from the guy calling the offensive signals, it will be wasted.

Denver also has a championship caliber defense, but needs QBs **Paxton Lynch** or **Trevor Siemian** to improve dramatically. Both looked lost during the preseason, particularly Lynch, who is the worst draft pick of the **John Elway** Era. Elsewhere, in another QB battle of players with zero potential, the Jets are trying to decide on a starting QB from the likes of **Josh McCown**, **Bryce Petty** and **Christian Hackenberg**. Yuck!

Wisconsin senior linebacker and team captain **Jack Cichy** is done for the season after tearing his ACL during practice. Cichy earned All-Big Ten honorable mention honors last season despite missing the final seven games. This is a big blow to the Badgers, who will contend for a Big 10 title.

If you're a **\$100 bettor** you would have netted **\$3,000** with the **"Steam Team"** last football season. Not a bad second income for watching football. If you bet more on the big games you **won even more** as we were a **perfect 4-0** on our **"Lock of the Year"** games and **16-5** on our College Top Plays. That's why it's a **no-brainer to invest \$2,000** and become a member this year. Or you could try on your own, or with a less expensive service, lose money and then have us bail you out. Don't put yourself through that aggravation.

Make the call to win. Call **Harry Bondi** right now. You will be glad you did!
