## HARRY BONDİ'S EARLY BIRD SPECIAL: SAVE \$1,000 on the Football "STEAM TEAM"

It's our **10th Anniversary** at **Harry Bondi Sports** and you are invited to join us for a **season long celebration of winners!**

Ten years ago, I decided to leave one of the biggest services in the country after 23 years because I felt there was a better way to run a sports service. My idea was to **put the focus on the sports bettor rather than personal enrichment** which, unfortunately, is the only concern of most sports service owners, and to deliver winners with **outstanding customer service, integrity and value.**

Fortunately, thousands of you agreed with me and have become part of the **"Steam Team"** family. If you have ever been with us, we hope to have you back on the **new and improved "Steam Team"** in 2018. If you have never been a client, we hope this is the year you decide to join us as we celebrate our 10th Anniversary!

We are **"new and improved"** because we have added **several seasoned "old school" veterans** to what is now the **nation's strongest**

**Can QB Tua Tagovailoa lead Alabama to another National Championship? See page 2.**

**handicapping team** and said goodbye to some analytics employees who, quite frankly, did not live up to our expectations last football season.

We overemphasized analytics at the expense of film study and match-up

analysis that has always been our bread and butter and has made us the **winningest sports service in America over the last 10 years.**

Harry realized this last November and began implementing his **"new" strategy** last December and we went on a **28-6, 76%**, run in December that was the **talk of Las Vegas** (see box on back for the complete record).

We proved that **Harry Bondi Sports** is the nation's best option for sports bettors last December and our results this upcoming season are going to be **so good it's scary!**

We are about a month away from the start of the football season, but **NOW is the time** to join and **SAVE BIG!** Our annual membership fee is \$2,500 and is the fairest value in this industry given the results we have produced over the last 10 years, but if you **join by Wednesday, Aug. 1** you can become a member of the **"Steam Team" for just \$1,500!**

**Save \$1,000** to add to your bankroll by calling and **speaking directly to Harry: 1-877-332-0077.**

# HARRY BONDI'S COLLEGE FOOTBALL PRESEASON TOP 10

We have correctly picked the National Champion five times in the last nine years, better than any publication in the country. Last year, we had Alabama #2, but were the only publication to have Georgia in the Top 10!

See Harry's complete preseason Top 25 at [www.HarryBondi.com](http://www.HarryBondi.com)

- 1**  **ALABAMA:** Crimson Tide lost five assistant coaches and 12 starters to the NFL, but they are still the deepest team in the country and will be favored by a touchdown or more in every game. Schedule is the easiest it's been in years. Should be 12-0 heading into a SEC Title Game rematch with Georgia.
- 2**  **GEORGIA:** Like Alabama, the Dawgs are going to be favored in every game and they will be undefeated heading into a rematch of the National Title Game in the SEC Championship Game! Kirby Smart has done an incredible job in Athens and gets Georgia back to the college football playoffs.
- 3**  **OKLAHOMA:** The Big 12 is wide open this year, but the Sooners are still the team to beat. Getting former Texas A&M QB Kyler Murray to take over for Heisman Trophy winner Baker Mayfield will put Oklahoma back in the playoffs, if they can win consecutive games in October vs. Texas and TCU.
- 4**  **MICHIGAN:** Here's my preseason surprise. No other publication will have Michigan in the playoffs, but it's put up or get fired for Jim Harbaugh. Wolverines return 17 starters, got an outstanding QB in Ole Miss transfer Shea Patterson and have the best "D" in country. Season comes down to The Game.
- 5**  **WASHINGTON:** The Huskies and QB Jake Browning underachieved last year, but this is Chris Petersen's best team at Washington. They have a Top 10 offense and Top 5 defense, which wins them the Pac 12 and, if they can win their opener against Auburn, they could go undefeated!
- 6**  **MIAMI-FLORIDA:** This is Mark Richt's best team since leaving Georgia and taking over at his alma mater. The schedule is extremely manageable with an average LSU team on a neutral field and Florida State at home. The Canes avoid Clemson until the ACC Title Game where they get the upset win!
- 7**  **OHIO STATE:** Buckeyes have the most talent on paper in the Big 10, but must replace QB JT Barrett, who was personally responsible for more wins than any OSU player in history! They have tough games at Penn State and Michigan State before The Game, which we say will go to the Wolverines.
- 8**  **CLEMSON:** Tigers will be better than last year, with better QB play, but losses at Florida State and Miami in the ACC Championship Game prevent a return to the playoffs. Still, Clemson will be one of the nation's best teams thanks to a Top 5 defense that's anchored by an NFL-like defensive front.
- 9**  **TEXAS:** Longhorns were much better than last year's 7-6 record indicated, losing five of their six games by a total of 25 points. The only loss this year could be against Oklahoma. Offense is much more experienced in 2018 and will be much improved, while the defense is one of the nation's best.
- 10**  **BOISE STATE:** Head Coach Bryan Harsin is 42-12 at Boise the last four years and has his best team, led by one of nation's top passers in QB Brett Rypien. They should win the Mountain West Conference and if they can beat Oklahoma St. on the road (Sept. 15) they will be playing on New Year's Day.

It's going to be a down year for LSU. We see a 6-6 season that will spell the end of "Coach O" in Baton Rouge. Grad transfer **Joe Burrow**, who couldn't beat out JT Barrett at Ohio State, will be the Tigers starting QB, but there are big holes at running back and receiver and the schedule is brutal, starting with the opener against Miami and continuing with trips to Auburn and an improved Florida team. Tigers do get both Alabama and Georgia at home, but those games could get ugly for LSU and will lead to chants of "O Must Go . . . O Must Go!"

After a disastrous 1-11 season in 2017, Baylor will be much improved in 2018 as it returns 17 starters led by QB **Charlie Brewer**, who was the Big 12 Freshmen of the Year last year and will be even better as an experienced sophomore. He will throw to a receiving corps that returns everyone and adds talented Tennessee pass catcher **Jalen Hurd**. **Jake Fruhmorgen**, who started for Clemson and won a national championship season in 2016 before transferring and sitting last year out, will bolster the Bears offensive line, which was pathetic last year.

Don't get sucked in on Rutgers start as the schedule is incredibly unbalanced. Scarlet Knights should win five of their first six games before losing their final six against the iron of the Big 10! That will mean the end of the **Chris Ash** Era in New Brunswick. Not helping matters is that Rutgers will be
